

Hydrogen Electric Energy Exhibition

Show Report

NOV 30 (Wed) - Dec 02 (FRI), 2022

Hydrogen Electric Energy Exhibition 2022

" The energy in one place, the future at a glance "

Date | Nov 30 (Wed) ~ Dec 02 (Fri), 2022 / 3days

Venue | Ulsan Exhibition Convention Center (UECO)

Organized by UBC Ulsan Broadcasting, JM Company Co., Ltd

Show Scale | 5,832 sqm

Exhibitors | 54 Companies 287 Booths

Sponsors | Ministry of Environment, Ulsan Metropolitan City, Korea Hydrogen Industry Association, H2KOREA,

Institute of Energy Economics 23 other relevant

institutions/associations/media

Concurrent Seminar

The present of future energy sources

World's hydrogen and electric energy markets and trends

 Improve battery process technology & produce products using eco-friendly energy

Mobility test drive and experience

Best Product Awards for Participating Companies

Export and purchase consultation meeting

New product presentation of corporate

1:1 B2B consultation meeting with participating companies

Overseas export 1:1 consulting (Government export support project)

B2B marketing and online export consultation meeting

02. Items & Booth Layout & Exhibitors

Energy & Power

Management & System

Environment-friendly mobility

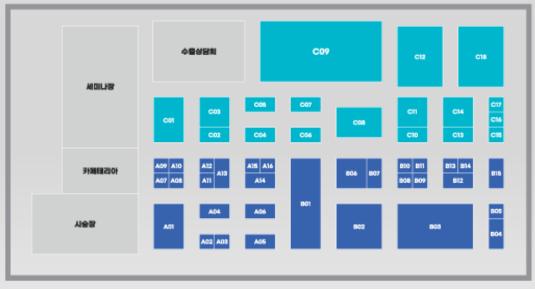

Service

Storage&Charge

Policy promotion hall

Domestic Buyers and Reporters **932**

Total Visitors 4,652

Domestic and overseas industrial exchanges and discussions on hydrogen and electrical energy

Date | Nov 30 (Wed) ~ Dec 02 (Fri), 2022 / 3days

Venue | Seminar room (exhibition hall)

Target | Visitors who are interested in hydrogen and electrical energy Industry investor / Entrepreneur / Consultant Governments / Public Institutions

Purpose | Provide opportunities for information exchange and discussion of hydrogen and electrical energy Industry

Effect I Sharing business experience and cooperation with relevant industry workers applicable to the developing industry

Content | - Green hydrogen production, transportation, and storage

 Economic Comparison of Green Hydrogen vs Blue Hydrogen

 Technology of manufacturing and utilization of renewable synthetic fuel eMethanol and eDME into hydrogen carriers

 Guidelines on Government Export Support Projects for Effective Overseas Market Entry

 Development of Hydrogen Ship Technology for Carbon Neutrality etc.

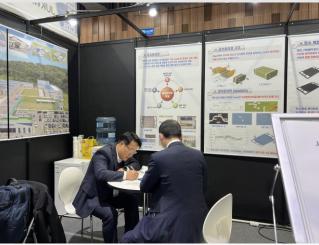

On-site consultation with overseas buyers such as the United States, the United Kingdom, Germany, and Denmark!

Consultation amount of 5 billion won, contract amount of more than 500 million won"

2023 Hydrogen Electric Energy Exhibition

01(Wed) - 03(Fri), Nov, 2023 **UCCO**

Seminar & Forum

- Information Exchange and Discussion of Hydrogen/Electrical Energy-Related Industries
- Revitalization of the Hydrogen/Electrical Energy Industry by Simultaneously Holding Exhibitions
- Creating an Industrial Ecosystem

Events

- E-Mobility test drive and experience
- Best Product Awards for Participating Companies
- New product presentation of corporate

Consultation meeting

- Invitation of overseas buyers
- 1:1 B2B consultation and consulting
